

US LATINA Younique Presenter
and
Younique MEXICO Presenter Information

Big news was just announced out of Younique Corporate Headquarters. We are bringing the 3D Fiber Lash epidemic to Mexico! To prepare for the Mexico Launch, we are kicking it all off with a "Race to Start" for American Latinas to join the business & have access to Spanish materials! Yes, SPANISH websites!

Here are a few of the big things that they have planned in detailed format:

1. US Latina Presentership beginning March 1, 2015, including a Race to Start campaign from March 1 through May 5!
2. Product sales into Mexico beginning May 5
3. Full Mexico market launch in Q4

F.A.Q's...

WHAT DOES Q4 MEAN?

Q4 (4th quarter) refers to October, November, and December. When Younique says, for example, that they will have a "full Mexico market launch in Q4," that means they will open Younique Mexico in October, November, or December.

WHAT IS THE RACE TO START CAMPAIGN?

The Race to Start campaign is a "race" leading up to Younique Presenters being able to sell product into Mexico. Think of the "race" as a "sprint to the starting day!" From March 1, 2015 through May 5, 2015, Presenters in any market can sponsor new Presenters as US Latina Presenters and a new Presenter can join as a US Latina Presenter. Presenters who participate in the campaign receive special incentives only available from March 1 through May 5, 2015. Race to Start is applicable only to open markets, between March 1 and May 5, 2015.

WHAT DOES IT MEAN TO BE A US LATINA PRESENTER?

Being a US Latina Presenter means that you live in the United States and have opted to have your Younique website language default to Spanish—whether you are a brand new Presenter or an existing Presenter who has opted to make the switch to US Latina. Please note that during the Race to Start campaign (March 1 to May 5), if you elect to become a US Latina Presenter, your default language will be Spanish and cannot be changed for 90 days from the date you enrolled (for new Presenters) or switched (for existing Presenters).

New US Latina Presenters will receive a US Latina Presenter Kit, which comes with a Presenter Guide and Spanish catalogs.

WHAT DOES IT MEAN TO BE ABLE TO SELL PRODUCTS INTO MEXICO?

Beginning May 5, 2015, Presenters in all markets will be able to sell Younique products to those who reside in Mexico. This means that if you have a customer who resides in Mexico, they can go to your website, choose to view your site in Spanish, order products, and have those products shipped to them. Customers in Mexico can go to any Younique website and choose their viewing language. Stay tuned for more details about this feature.

WHEN CAN MEXICO RESIDENTS JOIN THE YOUNIQUE FAMILY AS A PRESENTER?

In Q4, when Younique launches the Mexico market, residents of Mexico can join Younique as a Presenter. Beginning May 5, however, Presenters in all markets can sell product into Mexico, and customers who live in Mexico can view your website in Spanish and order products.
